TF4 light tower

The new **TF4 light tower** is the smallest model of the Generac Mobile® range. This portable lighting tower is extremely practical and easy to use, ensuring a good level of illumination for small-sized working areas. TF4 is ideal for applications in containers, mobile offices, temporary dormitories, power factories and is also perfect for civil protection use.

Picture shown may not reflect actual configuration.

Floodlights with rotation and tilting system

The floodlights have a **rotation and a tilting system** to be placed in different positions and illuminate from 180° up to 360°.

Optional electric actuator for the mast

When the TF4 light tower is equipped with the **optional electric actuator**, the operator can raise and lower the mast in seconds by using a simple selector located on the control panel.

Hand trolley

The TF4 light tower's small size and weight combined with a standard **hand trolley** allow easy handling of the unit by a single operator.

Compact dimensions

The extremely **compact dimensions** of the TF4 light tower allow this unit to be transported in high quantities on trucks or containers:

- 20″ container: 22 units
- 40″ container: 50 units
- 13m truck: 68 units

TF4	Technical Data
Minimum dimensions (L x W x H)	662 x 586 x 1505 mm
Maximum dimensions (L x W x H)	1615 x 1615 x 4200 mm
Dry weight	122/123 kg
Lifting system	Manual/Electric
Wind speed resistance	80 km/h
Lamps power	4 x 100 W
Lamps type	LED
Total lumen	58000 Lm
Illuminated area	850 m^2
CEE outlet socket (A/V/Hz)	16/230/50 – 16/240/60
CEE inlet plug (A/V/Hz)	16/230/50 – 16/240/60
Max. no. of units in series	5

Picture shown may not reflect actual configuration.
